

ENVIRONMENTAL POLICY

BISL is committed to adhering to the laws and regulations and international norms concerning environmental issues, especially those per ISO 14001, which target improvements in energy efficiency and reductions in general waste and toxic pollutants

BISL is particularly conscious of the need to ensure that external stakeholders associated with its work, including local communities and regional organisations, are made aware of BISL's acknowledgement of its social responsibilities, per ISO 26000, with respect to the environmental impact from the work its contracted to complete

BISL supports Circular Economy initiatives
